

WILLIAM OHS

HANDCRAFTED CUSTOM CABINETS SINCE 1972

LEGACY

For over 45 years William Ohs has been a pioneer in the American kitchen and bath industry. Our world renowned cabinetry is engineered and manufactured in Denver, Colorado by our expert craftsman, many of whom have been with us for decades.

Today, William Ohs remains a family business, committed to building timeless kitchens that will stand the test of time in both design and construction. Our custom cabinetry melds a rich, warm legacy of the past with the convenience and technology of the present.

AMERICAN MADE WITH A LIFETIME GUARANTEE

Owning a William Ohs kitchen means becoming a part of our family and a part of our rich tradition of manufacturing the finest American made cabinetry available today.

Each William Ohs project is truly a work of art. We build kitchens because we love our product and love the role a kitchen plays in the home. This dedication to providing the best possible product for your lifestyle is our source of pride and purpose.

DESIGN

From Traditional to Contemporary, William Ohs cabinetry can be customized to suit the distinguished taste of each individual.

From tailored lines, to stainless steel appliances, and contemporary twists we excel at creating a refined and classic product that will stand the test of time in both design and quality.

Eclectic combinations of styles that incorporate vast amounts of detail and ornamentation are our specialty. Our ability to create custom features for your kitchen is truly unparalleled.

With over four decades of committed craftsmanship, manufacturing excellence, and unique designs the quality of a William Ohs kitchen is unmatched.

A KITCHEN AS UNIQUE AS YOU ARE

Working with the William Ohs team ensures you will have the highest quality experience in creating the kitchen of your dreams. Your project will be supported by a dedicated customer relations partner at our factory, ensuring your kitchen's unparalleled finesse.

We believe a kitchen should function for you and your personal cooking style. Custom features in cabinetry and accessories ensure you will love cooking in your kitchen just as much as you love looking at it.

Your kitchen is guaranteed to create a feeling of warmth and individuality that will be a source of pride.

OUR PROCESS

Every project starts with our world-class team of designers and engineering specialists. Our engineering standards meet the height of precision. This level of exactness allows us to create living spaces that other cabinet companies are simply unable to match.

We have seamlessly married our signature craftsmanship with modern technology, and the results are simply magnificent.

Our team of artisans have perfected the art of cabinet construction. The level of mastery that goes into our work ensures that you will be satisfied with your William Ohs cabinetry for years to come.

BEYOND KITCHENS

Custom William Ohs cabinetry does not end with the kitchen. Our timeless looks can be applied to closets, bathrooms, libraries, wine cellars, bars, and more. Expanding your project beyond the kitchen ensures that continuity and quality cabinetry flow throughout the entire house.

ACCESSORIES

Superior quality exists beyond what is immediately visible. William Oh's accessories are key differentiators and our company has long been considered a visionary in creating new ways to make your kitchen function.

Our accessories can be customized to meet individual needs and ensure that the inside of your cabinetry will delight just as much as the outside.
